Garden Concepts Wins Another National Design Award

September 4, 2003, Glenview, IL—Glenview, IL Garden Concepts, Inc. was presented with a Merit Award in the Perennial Plant Association's Landscape Design Awards at the 2003 Symposium in Sacramento. Winners were judged based on the following criteria: First Impression, Design, Plant List, Bloom Succession, and Presentation. One judge commented that the "front entrance is quite inviting—a nice improvement!"

Entitled "Glenview Residence," the winning entry is a blend of a number of diverse features including a creative solution to a persistent drainage problem, brick patios and front walk, irrigation and broad use of perennials. On a scale of 100 points, the project scored an impressive 88, two points shy of an Honor Award.

This is the third award Garden Concepts has earned from PPA, and the second national award this year. The other was the First Place Award from the APLD (Association of Professional Landscape Designers) in the \$75,000 and up category awarded in New York in July.

The Perennial Plant Association (www.perennialplant.org) is based in Hilliard, OH. Garden Concepts is located in Glenview, IL and can be reached at 847-657-7900 or via their web site at www.gardenconceptsinc.com.
